## Making a smooth start on A level Mathematics: 6Concepts 'bring a thing'

### At this meeting:

If you could be confident that your new Year 12 Maths students all had fully confident understanding of just six key concepts from GCSE, what would those concepts be?
This is a sharing session where teachers are encouraged to bring an idea, a resource, a question or a challenge or just to attend and share in the discussion.
This session is free thanks to funding from the FMSP. Light refreshments will be provided.

The Dorset and Somerset Mathematics Teacher Networks are part of an FMSP-funded project allowing teachers of mathematics to meet, collaborate and share professional development. We meet three to four times per year and the programme is a mixture of informal sessions and speaker-led training events. Future dates and content will be posted on the FMSP SW CPD page here: **www.furthermaths.org.uk/SW_CPD.**
If you wish to request a particular topic for a network session or to offer to present at one of the meetings, please contact Jo.
