

<p>The design has no reflection symmetry</p>	<p>The ratio of blue squares to red squares is 1:3</p>	<p>All four corner squares of the design are blank</p>	<p>There are six red squares along each diagonal of the design</p> 	<p>There is only one yellow square in the second column of the design</p> 
<p>There are two red squares next to each other in the top row</p>	<p>The ratio of blank to coloured squares is 5:11</p>	<p>The design has rotation symmetry of order 4</p>	<p>The design uses 3 different colours</p>	<p>The ratio of yellow to red squares is 1:2</p>
<p>There are only red and blank squares on the outside edge of the design</p>	<p>The top row starts with four blank squares</p>	<p>The middle 4 squares have yellow squares horizontally and vertically next to them</p>	<p>There are two blue squares directly below the two red squares on the top row</p>	<p>The ratio of blue to blank squares is 2:5</p>
<p>Not all of the squares are coloured</p>	<p>The ratio of blue to yellow squares is 2:3</p>	<p>The design is made up of 64 blank and coloured squares arranged in a square</p>	<p>Blank squares only occur on the outside edge of the design</p>	<p>There are 3 red squares on the second row, 2 next to each other and one separated from them</p>
