

Further Mathematics Support Programme**Live Interactive Lectures for Further Mathematics****MEI DE****2016-2017**

02/01/2017	DE-1	Differential Equations in modelling and separation of variables
16/01/2017	DE-2	Integrating factors
30/01/2017	DE-3	Numerical Methods: Tangent fields and Euler's method
13/02/2017	DE-4	Linear Equations 1: Introduction
06/03/2017	DE-5	Linear Equations 2: Auxiliary equations with complex roots
20/03/2017	DE-6	Non homogenous equations and oscillations
03/04/2017	DE-7	Simultaneous differential equations

Lectures take place from 6:30pm to 7:30pm**These dates are provisional and may change**
