

Further Mathematics Support Programme**Live Interactive Lectures for Further Mathematics****MEI FPT****2016-2017**

11/01/2017	FPT-1	Familiarisation with TI N-spire software
25/01/2017	FPT-2	Investigation of curves 1: Types and features of curves and conics
15/02/2017	FPT-3	Investigation of curves 2: Chords, tangents and normal
01/03/2017	FPT-4	Number theory 1: Factorisation
15/03/2017	FPT-5	Number theory 2: Diophantine equations and Gaussian integers
29/03/2017	FPT-6	Functions of complex variables 1: Functions and equations
12/04/2017	FPT-7	Functions of complex variables 2: Differentiation, integration and series

Lectures will take place from 8:00pm to 9:00pm
