

**Further Mathematics Support Programme****Live Interactive Lectures for Further Mathematics****OCR S2****2016-2017**

10/01/2017	S2-1	Continuous random variables 1: Probability density functions
24/01/2017	S2-2	Continuous random variables 2: Expectation and variance
07/02/2017	S2-3	The normal distribution 1: Introduction
21/02/2017	S2-4	The normal distribution 2: Approximating distributions
07/03/2017	S2-5	The Poisson distribution
21/03/2017	S2-6	Hypothesis tests 1: Sampling and continuous variables
04/04/2017	S2-7	Hypothesis tests 2: Discrete variables and errors in hypothesis testing

**Lectures take place from 5:00pm to 6:00pm**
