

Mathamagic
Year 10 Enrichment from the FMSP
Friday 7 July 2017
Lancaster University

The FMSP is pleased to be hosting another "Mathamagic" event for able Year 10 students, to be held at the University of Lancaster on Friday 7th July 2017. The day will involve:

- A series of workshops by leading mathematics presenters, designed to capture the imagination of students with the potential to progress on to sixth-form mathematics courses;
- A talk to "wow" the students in the afternoon;
- A Mathamagic Quiz in mixed school groups.

The day is intended for able Year 10 students who are thinking of taking Mathematics at AS and A Level. Places are limited to eight students, plus teachers, per school or college. We would also like to target students with known ability who may be thinking of dropping mathematics – we believe we may be able to change their minds! Please note that students should bring their own lunch to this event, or purchase lunch on campus; lunch will be provided for teachers. We will be providing refreshments for all. The event is free.

Lancaster Mathamagic – Friday 7 July

The main venue is Lancaster University Management School.

Head for Management School Lecture Theatre 1, located next to the Management School's Hub Café.

We start at 10am sharp and the day finishes at around 3:30pm.
