

The Further Mathematics Support Programme

STEP preparation course

A 4-week course to prepare for the STEP examinations

Hosted by the University of Nottingham

Course dates:

**4 x weekly twilight
sessions**

April/May 2017

*Exact dates will be
announced before the
Christmas break.*

This course will be of interest to any students who will be taking the STEP or AEA exams in the summer term. The course is designed to introduce students to deeper mathematical problem-solving skills over a series of **four twilight workshops** (to be held at the University of Nottingham).

This course aims

- To provide students with an opportunity to increase their depth of mathematical understanding and so gain confidence in attempting questions asked in STEP/AEA papers.
- To discuss and try out problem solving strategies and look at ways in which A-level mathematics may be developed to give students greater mathematical insight.
- To practice STEP/AEA style problems and to discuss difficulties and methods with other students.

Online booking form:

<https://goo.gl/forms/xRb4M6bwW1boSeXq2>

Course fees

The course is £50 for students from schools/colleges registered with the FMSP (*this covers all four sessions*).

*** Payment can be made via cheque or BACS. Cheques to be made payable to the "University of Nottingham".*
