

The Further Mathematics Support Programme

Use of Technology in the New A Level (2017)

A one day course for teachers preparing to teach the new A level mathematics specifications from September 2017

**Chancellor's Hall
University of Wolverhampton**

**Wednesday 10th May 2017
9:30am - 3:30pm**

“Secure subject knowledge on the part of the teacher, underpinning an approach to mathematics in which all topics are seen as part of a coherent set of related ideas, with clear progression and links to previous and future learning.”

A key finding: one of the most significant contributions to high achievement in 14–19 mathematics
Ofsted: Evaluating mathematics provision for 14–19-year-olds

This course is suitable for teachers who have little or no experience of using technology, as well as teachers who have some experience but may be looking for fresh ideas and information specifically about the new A level content.

The topics covered on this course feature in the compulsory content of the reformed mathematics A level for first teaching in September 2017.

Course aims:

- To use different types of graphing technology and explore how they can be used to deepen understanding of mathematical concepts;
- To understand how spreadsheets and statistical graphing tools can be used with Large Data Sets;
- To strengthen teachers' understanding of the content required in the new A level mathematics specifications (from 2017).

Timetable for the day

- 09 00 Arrival and Registration
- 09 30 Introduction
- 09 45 Using graphing software
- 10 50 Break
- 11 10 Using spreadsheets and statistical tools
- 12 30 Lunch
- 13 15 Exploring large data sets
- 14 00 Break
- 14 15 Integrating technology into your schemes of work
- 15 00 Plenary and evaluation

Course fees and application:

Fees for this course are £50 per teacher if your school is registered with the FMSP (£100 otherwise). If two teachers from the same school are attending then please each fill in a separate form. To apply, please complete the online form at:
