future meetings**

**Dates & Topics to be
discussed at the next
meeting.**

Hackney Teachers Network

**At this meeting:
Sharing great ideas.**

Please bring along ONE resource / idea / thought / strategy that has worked well for you and your students.

Real- Life examples for A-Level Statistics

Do you have examples from real life to use in teaching stats? Useful newspaper articles, interesting snippets that you put to good use. Please bring them along. Things that spring to mind include Peter the octopus, Sally Clark and Benford's Law but I am sure that many of you will have activities on this to share. We also have some colleagues from a company called Brix who are bringing along an activity on large data sets. All valuable stuff in preparing for the new specifications
