

The Further Mathematics Support Programme

Professional Development

A level Active

This is a 1-day course exploring active learning approaches is suitable for all teachers of A level Mathematics. The completely interactive hands-on sessions are designed to share techniques, resources, technology and approaches for engaging all students in A level mathematics learning.

Venue: Maltby Academy, Rotherham S66 8AB on
Date: Thursday 13th July 2017, 9.30-16.00.

The topics covered will be:

- An introduction to a range of active learning approaches designed for A level Maths
- Effective questioning strategies for encouraging understanding
- Ideas for starter and consolidation activities
- A webtour of time-saving, engaging resources
- An opportunity to reflect on implementing the approaches

Aims:

- To explore different active learning approaches to teaching A level Mathematics
- To reflect on the effectiveness of different strategies
- To plan how to integrate these approaches into your teaching

This course is FREE to state funded schools and is suitable for all teachers of the new A level Mathematics.
