

Next Meeting:

**Tuesday 25th
April 2017**

4:15 – 6:00pm

Room 317
Gravesend Grammar
Church Walk
Gravesend DA12 2PR

North Kent Mathematics Network

Preparing for the New Mathematics A Levels – Use of Technology

At this meeting:

The new 2017 A-level specifies that 'the use of technology should permeate the study of A-level mathematics'. In this network meeting, we will be looking at what impact this might have in your own classroom. We will be looking at opportunities to embed the use of Graphical Calculators, dynamic geometry and curve sketching software into the teaching of A level. Please do feel free to bring along any examples of any favourite technology based activities that you know work well in your own classroom.

Graphical calculators will be provided for teachers to borrow.

The materials for the session and other useful resources will be provided at the end on memory sticks, so please let Jo Randhawa know if you plan to attend so we can provide enough for everyone.

This session is free thanks to funding from the FMSP. Light refreshments will be provided.

The North Kent Mathematics Teacher Network is an FMSP-funded project allowing teachers of maths to meet, to collaborate and to share professional development. We meet termly and the programme is a mixture of informal sessions and speaker-led training events.
