Requiring athleticism of brain and body!

This day is aimed at students in year 10 who are interested in mathematics and may consider studying both Mathematics and Further Mathematics at A level. There will be opportunities to do some mathematics as well as to find out about mathematics and its applications at university and beyond.

The day is free, but schools are required to pay a deposit of £100, which is returnable if the school attends the event. The event is initially limited to 15 students per school, although additional places may become available after the deadline.

Light refreshments will be provided during the morning and afternoon breaks, but students and staff should bring their own lunch.

**NB students should wear trainers**

To book places for your class, complete the Google form here:
