

# Interesting Ways to teach Mechanics

Friday 14<sup>th</sup> July, Tower Hamlets College  
9.30am – 4:00pm

## Course Leaders:

Francis Bove and Jenny Davey from the Further Maths Support Programme

This one day course is aimed at teachers who have taught Mechanics at A level and who are looking for fresh ideas for engaging students with the subject. The day is tailored to the new specification for teaching from September 2017.

This is an activity based day looking at teaching and learning resources and methods which address the mechanics content of the new AS Mathematics.

*If you have never taught Mechanics before, our “Teaching Mechanics for the First Time” course at Haydon School on Thursday 29<sup>th</sup> June would be more suitable for you.*

## Booking details:

The fee for this event is **£50** per teacher (£100 per teacher if school/college is not registered with the FMSP. Registration is quick and free at <http://www.furthermaths.org.uk/register>).

To book a place, please complete the online form at <https://goo.gl/14ZBLI>.

## Further information:
