

The Further Mathematics Support Programme

Professional Development – Content of the New AS Mathematics Course (Mechanics)

This is a session being held for teachers new to or unfamiliar with the Mechanics content of the new A-Level. We will be focussing on AS content only.

**Hosted at Priory LSST, Cross O'Cliff Hill, Lincoln, LN5 8PW
Tuesday 25th April, 2.30 – 5**

In preparation for the 2017 A-Level specification change, the FMSP are running a series of CPD sessions on the Core content, common to all exam boards. There is an element of Mechanics in this content, which many teachers may be concerned about. Hopefully this session will go some way towards increasing confidence in teaching this area.

Course/event fees and application:

To apply contact Alan Barker at alanbarker@furthermaths.org.uk. The course fee is £50. Please bring a cheque made payable to the university of Lincoln or include invoice details in your application.

Location
