

The Further Mathematics Support Programme

Using GeoGebra in teaching the new A level Mathematics (2017)

FREE After-school workgroup hosted by the Cambridge Maths Hub

Hosted at Cambourne Village College, Sheepfold Lane, CB23 6FR

Thursday 20th April 2017, 4pm - 6pm

This is a two-hour course exploring the use of GeoGebra in teaching A level Mathematics from September 2017.

The interactive hands-on session is designed to share techniques for integrating the use of technology into A level teaching.

The course is open to all teachers.

Aims:

- To improve your skills in using GeoGebra
- To explore teacher-centred and student approaches for using GeoGebra
- To plan how to integrate these approaches into your teaching

Delegates are required to provide their own laptop with the latest version of GeoGebra installed.

No previous knowledge of GeoGebra is required. The course is suitable for all teachers of A level Mathematics.

To book, please email admin@cambridgemathshub.org
