Warwickshire Mathematics Network

Statistics in the New A Levels: Focus on the Large Data Set

At this meeting

Paul Chillingworth (MEI) will deliver a session covering further detail on the Large Data Set, a requirement for the new linear A levels beginning this September. There will be a particular focus on becoming familiar with resources available for teaching this topic, the types of exam questions that could be asked and ideas for incorporating the use of technology.

This meeting will be an excellent opportunity to network with teachers from other schools while receiving specialist training.

Additional Information

This session is free thanks to funding from the FMSP. Light refreshments will be provided. To book a place at the meeting, please complete this form:
<https://goo.gl/vECzhz>

For more information, to host a future network meeting or to request a particular topic to be covered, please contact:

Don't miss our future meetings

**Autumn Term 2017
TBC**

**Spring Term 2018
TBC**

*This is a newly
established network.
Please get in touch if you
would like to host a
meeting.*

This Mathematics Teacher Network is an FMSP-funded project allowing teachers of mathematics to meet, to collaborate and to share professional development. We meet half-termly and the programme is a mixture of informal sessions and speaker-led training events.
