2017](http://www.furthermaths.org.uk/2017)

Gloucester Post 16 Mathematics Network

At this meeting:

Kate Williams (Churchdown/NCETM Accredited Level 3 PD Lead) will lead a short session looking at problem solving in the context of the new A-levels. As well as considering how to incorporate problem solving into teaching there will be time looking at the sample assessment materials to see how problem solving features in the assessment for the new A-levels.

This session will also take place at the Chippenham and Bristol Networks.

Further Information

This session is free thanks to funding from the FMSP. Light refreshments will be provided.

For more information please contact:

The Gloucester Post 16 Mathematics Teacher Network is an FMSP-funded project allowing teachers of maths to meet, to collaborate and to share professional development. We meet three or four times a year and the programme is a mixture of informal sessions and speaker-led training events.
