# Little Heath KS5 Mathematics Network

**Dates for meetings 2017-18**

Thank you to all the colleagues who have supported the local teacher network over this last year. We have seen record numbers at our meetings and we have enjoyed some special training sessions. Dates for the coming year are shown on the left and we will publish the focus for each meeting in advance. If you have any questions or suggestions, please contact Jane Byrne.

The Little Heath School Mathematics Teacher Network is an FMSP-funded project allowing teachers of maths to meet, to collaborate and to share professional development. We meet half-termly and the programme is a mixture of informal sessions and speaker-led training events.

The focus of the meetings is usually around KS5 mathematics although we also consider issues at KS4. All teachers are welcome.
