

The Further Mathematics Support Programme

Year 10 Enrichment Day at Sussex University

Hosted at Sussex University on Friday 22nd September 2017

During the day students will engage in a carousel of Workshops:

- **Balancing a Body** – lead by Ted Graham based at Plymouth University
- **Cryptography** – lead by Laurence O'Toole based at Royal Holloway University
- **Fun problem solving activity** – Jeff Trimm and a team from Sussex University

Rob Eastaway will conclude the day with his engaging talk about **The Maths of Money Games – From Monopoly to Greed**.

Suitable for higher set year 10 students who will have the opportunity to engage in a variety of workshops and lectures, to promote the further study of mathematics and give insight into maths beyond GCSE in a fun and exciting way.
