

Teaching **Statistics** for the first time

Thursday 16th November, Tomlinson Centre, London E8 3ND
9.30am – 4:00pm

Course Leaders:

Francis Bove and Jenny Davey from the Further Maths Support Programme

This one day course is aimed at teachers who have never taught Statistics at A level or who would like to refresh their experience. The day is tailored to the new specification for teaching from September 2017.

The course will focus on the subject knowledge required to teach Statistics within the new A level and will cover the following topics: **Conditional Probability, Normal Distribution, Large Data Sets** and **Hypothesis Testing with the Binomial Distribution**. The aims are to prepare teachers by sharing useful resources and allowing time for working on these.

Comments from teachers who attended this day in May 2017:

Lovely resources

I loved all the activities

Really enjoyed the day and feel less anxious prior to teaching

Booking details:

The fee for this event is **£50** per teacher (£100 per teacher if school/college is not registered with the FMSP. Registration is quick and free at <http://www.furthermaths.org.uk/register>).
