

New to AS and A level Mathematics

Aims:

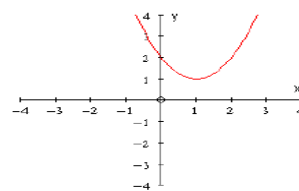

- To increase your subject knowledge and deepen your understanding of key concepts
- To provide you with effective strategies for teaching AS and A level Mathematics in an interactive and engaging way that deepens student understanding

This quadratic crosses the x -axis twice.

This quadratic touches the x -axis once.

This quadratic does not meet the x -axis at all.

This two day course covers pure mathematics topics from the AS and A level specifications and may include:

Day 1

1. Algebra
2. Logarithms and Exponentials
3. Coordinate Geometry
4. Differentiation & Integration

Day 2

1. Sequences
2. Trigonometry
3. Advanced Calculus
4. Functions & Curve Sketching

Dates: Tuesday 17th October 2017
Tuesday 30th January 2018

Time: 9.30am to 3.45pm

Venue:

Curriculum Innovation Centre
Bradford Design Exchange
34 Peckover St.
Bradford
BD1 5BD

Cost: £100 for both days for schools registered with FMSP (lunch included).

Course Leaders:

Sheila Eastwood, area coordinator FMSP
Raj Kumar, area coordinator FMSP

The course is suitable for teachers who are teaching AS/A Mathematics for the first time, and would like to strengthen their subject knowledge and pedagogy.

If you would like to book a place on this course please e-mail the booking form below to Sheila Eastwood: sheilaeastwood@furthermaths.org.uk by Friday 6th October 2017.
