Cambridge Post-16 Maths Teacher Network

Over the coming academic year:

We will be considering the changes to A level Mathematics and Further Mathematics which have come into force in September 2017. We will also continue to look at Core Maths qualifications and other issues relevant to post-16 teachers.

This meeting will focus on:

- How to identify and support weaker students (in absence of AS and trend towards three subjects only)
- Any other issues raised by attendees

Free professional development and the chance to meet other teachers in the area.

This session is free thanks to funding from the FMSP and the Maths Hub. Light refreshments will be provided.

For further information, to be added to the mailing list or if you plan to attend the next meeting:
