Don't miss our future meetings:

Academic Year 2017/16

Dates TBC

Bexley & Greenwich KS5 Mathematics Network

Preparing for the A Levels 2017

We are very pleased to announce the first network meeting of the year for Bexley & Greenwich. As we embark on a period of change, we hope, this network we can offer an opportunity to collaborate and learn from one another.

After discussion in our meeting in June it was decided we would like the next meeting to be based around technology and its uses in the classroom.

Therefore, at this meeting:

Michael McGuinness (FMSP) will lead a session on technology in the new A-Level. Through a hands on workshop in an ICT suite participants will be guided through the new statistical tools available within Geogebra.

John Heffernan (Maths Hub L3 Lead) will be attending to promote the work of the Maths Hub(s) and future events. This will also be an opportunity to find out how you can get involved with the Maths Hubs if you are not already.

The meeting will finish with Q&A as well as an opportunity to impact the direction of the network meetings for the next academic year.

To confirm attendance please complete this form: <http://tinyurl.com/FMSP-121017>

People are encouraged to turn up from 4.00 pm to take advantage of free refreshments and have an opportunity to network before the meeting starts.

The Bexley and Greenwich Mathematics Teacher Network is an FMSP-funded project allowing teachers of maths to meet, to collaborate and to share professional development.
