MATHEMATICS**

The Teaching Further Mathematics Course

A 14-month course focusing on
improving subject knowledge,
confidence and skills of teachers new to
teaching A level Further Mathematics

TFM has given me the knowledge and confidence to lead the department in planning and delivering Further Maths.

**MATHEMATICS
WITH
PLYMOUTH
UNIVERSITY**

The Teaching Further Mathematics (TFM) course includes:

- regular online sessions covering content of Further Pure Mathematics modules
- up to four study days spread over the 14 month course
- textbooks for consolidation and further study
- two years' access to Integral online teaching and learning resources (*integralmaths.org*)
- the option to gain Masters level accreditation through the International Masters Programme, Plymouth University

For further details and enrolment form see:
furthermaths.org.uk/teacher_area/tfm.php
 or email: cpd@mei.org.uk

“

It's fantastic to be studying maths again with other people that share a passion for it.

Benefits to you

- Confidence to teach A level Further Mathematics
- Improved subject knowledge
- Gain a deeper understanding of the links within mathematics
- Optional accreditation at Masters level

Benefits to your students

- Taught by an enthusiastic and knowledgeable teacher
- More engaging and relevant mathematics lessons
- Misconceptions are recognised and addressed

Benefits to your school/college

- High quality teaching and learning resources disseminated
- Improved capacity of staff to deliver a wide curriculum
- Links with teachers in other schools and colleges

TFM is the single most inspiring thing that's having the biggest impact upon my teaching this year.

About the FMSP

The Further Mathematics Support Programme (FMSP) is a government-funded initiative, supported by the Department for Education, and managed by Mathematics in Education and Industry, an independent educational charity.

The number of students taking A level Further Mathematics has more than doubled since the programme was established nationally in 2005.

FMSP Area Coordinators, covering the whole of England, work with schools and colleges to support and promote the study of AS/A level Mathematics and Further Mathematics and to arrange Further Mathematics tuition for students when their schools and colleges cannot provide it themselves. The FMSP provides training and support to teachers of AS/A level Mathematics and Further Mathematics.

All English schools and colleges can register free of charge with the FMSP to receive expert advice about supporting students at Key Stage 4, about GCSE, AS/A level Mathematics and Further Mathematics, and about progression to university STEM courses. Registered schools receive free access to extensive online resources. They are sent regular updates about professional development opportunities for teachers and enhancement and enrichment events provided by the FMSP for KS3, KS4 and sixth form students.

Further details

Please visit the Teachers and Events pages on the FMSP website for details about FMSP Professional Development.

Calendars of events taking place in your region can be found on the relevant page of the Regions section of our website, together with the contact details of your local FMSP Area Coordinator. They can provide details of CPD opportunities available in your area and will be happy to discuss any particular professional development you may need.
