

The Further Mathematics Support Programme

6th Form Problem Solving Classes

A series of 4 after-school workshops that will provide an introduction to advanced problem solving in mathematics

The Minster School, Southwell, Nottinghamshire

19th March, 26th March, 16th April, 23rd April

3:30pm – 6pm.

Topics that will be covered include:

- Solving Equations
- Geometry
- Sequences and Series
- Trigonometry and vectors
- Curve sketching
- Calculus

This course is particularly suitable for students who are either taking STEP/AEA exams in the Summer OR students who are wishing to study a degree in Mathematics or Physics.

Session aims:

- To develop logical reasoning and problem solving skills in mathematics.
- To try out challenging problems that require deep mathematical thinking.
- To prepare for the STEP/AEA exam OR to prepare for a degree rich in mathematics.
