

The Further Mathematics Support Programme

Keele Maths Teacher Network meeting

**Monday 26th March 2018, 5.00 pm – 7.00 pm
(refreshments available from 4.30 pm)**

at Keele University in Chancellor's Building, room CBA 1.100.

Statistics in the new A level

The meeting will be of interest to any KS5 teacher, particularly those who may be unfamiliar with the statistics topics in the 2017 A level specification.

The two-hour session, led by Paul Chillingworth, will suggest activities that could be used in the classroom to introduce the statistical content to students, with attention given to the large data set.

Paul Chillingworth

Paul is a Central Coordinator for the Further Mathematics Support Programme. He coordinates the Senior Team Maths Challenge, both the Live Online Tuition and Live Interactive Lectures programmes and leads the Teaching Statistics Course.

If you would like to contribute your own ideas for teaching these topics, please email one of the contacts below before the event.
