**Don't miss our
future meetings**

14th May 2018

21st June 2018

Edgbarrow KS5 Mathematics Network

Focus for February's meeting – Reasoning

Cath Moore, of the FMSP Central team, will lead a session on reasoning – and why not indeed?

As always there will be time to share ideas and generally network with members of other maths departments.

Dates for meetings 2017-18

Thank you to all the colleagues who have supported the local teacher network over this last year. We have seen record numbers at our meetings and we have enjoyed some special training sessions. Dates remaining for the current year are shown on the left and we will publish the focus for each meeting in advance. If you have any questions or suggestions for that focus, please contact Denise Holloway.

The Edgbarrow School Mathematics Teacher Network is an FMSP-funded project allowing teachers of maths to meet, to collaborate and to share professional development. We meet once or twice a term and the programme is a mixture of informal sessions and speaker-led training events.

The focus of the meetings is usually around KS5 mathematics although we also consider issues at KS4. All teachers are welcome.
