The Canterbury Mathematics Teacher Network

A Level Active - Mechanics

At this meeting:

This interactive, hands-on session is designed to share techniques, resources, technology and approaches for engaging *all* students in A level mathematics learning.

Sue de Pomerai (FMSP Central Team) will lead a session on Active Mechanics for A Level Mathematics. She will demonstrate how to build the ethos that you want in your classroom; how to promote engagement with learning and how to generate continuous feedback. In addition, she will discuss and demonstrate engaging resources for mechanics which you can take away and use in your classroom.

This session is free thanks to funding from the FMSP. Light refreshments will be provided.

To confirm attendance please complete this form: <https://goo.gl/forms/lqF8Zx3KtbvFG3oB>

The Canterbury Mathematics Teacher Network is an FMSP-funded project allowing teachers of maths to meet, to collaborate and to share professional development. We meet each term and the programme is a mixture of informal sessions and speaker-led training events.
