jodenton@furthermaths.org.uk

**Don't miss our
future meetings**

Using the Classwiz
Spring term: date tbc

**A Review of the New
Spec. Papers**
Late Summer term

South Wilts Grammar Teacher Network

How to use Underground Mathematics effectively in your A Level teaching.

At this meeting:

Jo Denton (FMSP) will lead a session looking at using some of the tasks on the Underground Mathematics website.

These questions will be considered:

- What is problem solving?
- What are the implications for teaching, planning, development and resourcing?
- How can we help students prepare for these questions?

This session is free thanks to funding from the FMSP. Light refreshments will be provided.

For more information, please contact Jo Denton

Jodenton@furthermaths.org.uk

Mathematics Teacher Networks are an FMSP-funded project allowing teachers of Mathematics to meet, to collaborate and to share professional development. We meet termly and the programme is a mixture of informal sessions and speaker-led training events. If there is any specific area of mathematics that you would like to be raised at the one of the meetings please get in touch.
