Case Study: Transition to University

Student – Cicely Griffiths

Background

Cicely Griffiths was a student at Gowerton School when she first began studying with FMSP Wales from 2011 graduating in 2013. Her tuition was conducted on a face to face basis by FMSP Wales and Cicely studied with 2 other students.

FMSP Wales caught up with Cicely in October 2014 on her second year since completing her Further Maths Exams.

Interview

FMSP Wales: So Cicely what happened after you passed your Further Maths Exams?

Cicely: I got into Plymouth University, which was my first choice.

FMSP Wales: Congratulations, what are you studying?

Cicely: I'm in my second year studying Maths and Finance.

FMSP Wales: Do you think that studying Further Maths through FMSP Wales helped?

Cicely: I wouldn't be here without it.

FMSP Wales: Are there any ways in which you feel Further Maths specifically helped?

Cicely: Yes, particularly the 1st year, I had already done so much of the Maths. Studying Further Maths didn't just help me to get in but it made my first year so much easier. I remembered thinking wow, I've already done this!

FMSP Wales: Would you recommend studying Further Maths?

Cicely: Absolutely it helps not just in getting into University but in how you cope when you are there.
