

FMSP and NCETM launch of networks for teachers of Further Mathematics

The Further Mathematics Support Programme and the National Centre for Excellence in Teaching Mathematics are holding a series of meetings for Further Maths teachers and those interested in teaching Further Mathematics. The meetings will focus on the teaching and learning of Further Mathematics and will include information on the opportunities and funding now available for collaborative projects.

There will also be information about professional development opportunities for those teaching or wishing to teach at this level.

We welcome teachers already working with established local networks who can share their experience.

Programme for the meetings

15 30 Refreshments,

16 00 **Further Maths Support Programme** – *launching networks for all those teaching or thinking of teaching further mathematics*

- The partnership between the Further Maths Support Programme and the National Centre for the Excellence in Teaching of Mathematics
- Exploring issues affecting the teaching and learning of Further Mathematics: exchanging thoughts, strategies and ideas
- Information sharing including the Further Maths microsite, action research grants, FMSP support for teachers and professional development opportunities
- Where do we go from here? What next?

18 00 *Close of Further Maths Network Meeting*
