

Free entry for all schools

## International Statistical Literacy Project (ISLP) Poster Competition 2012–2013

Theme of competition: **Agriculture** (see competition rules in link below)

Deadline for submitting a poster: 15<sup>th</sup> March 2013

### Taking Part

Teams of 2–3 students for each poster. Two age groups:

- a) students born in 1997 and younger (aged 11 to 15 years)
- b) students born in 1994 and younger (aged 16 to 18 years).

Registration by teachers on ISLP website at

<http://www.stat.auckland.ac.nz/~iase/islp/competition-second>

### Why make posters?

Posters provide interesting and motivating ways for students to work in teams, investigate real questions using data, use their analytical and graphical skills to interpret statistical results, and develop their written and communication skills to present their findings.

### Prizes

- UK National prize of £500 for the winning schools in each age category
- National winning posters to be displayed at the World Statistics Congress to be held in Hong Kong, China in August 2013
- International prizes to be announced
